Connect Workstation Requirements

This document provides the minimum and recommended workstation requirements for the BASCONNECT™ software.

Minimum Configuration

Processor	Memory	Display	Operating System	Disk Space	Network
2.0+ghz Intel Processor	4 GB Memory	1024x768 Display	Windows 10	Minimum 5GB free disk space (Encrypted)	100 Mbps Full Duplex Ethernet

Recommended Configuration

Processor	Memory	Display	Operating System	Disk Space	Network
2.0+ghz Dual Core Processor	8 GB Memory	1280x1024 or higher Display	Windows 10	Minimum 5GB free disk space (Encrypted)	100 Mbps Full Duplex Ethernet

The recommended browsers include Internet Explorer 11, Mozilla Firefox (Current Version), and Google Chrome (Current Version).

If utilizing BASCONNECT's Image Viewer, dual monitors with tilt capabilities are recommended.

Scanner Recommendations

The BASCONNECT software requires a TWAIN compatible scanner. Recommended (but not required) scanners:

- Xerox DocuMate 262
- Xerox DocuMate 252 (2)
- Xerox DocuMate 3115
- Cannon DR-C125
- Cannon DR-2010C
- Epson WorkForce Pro WP-4530
- Kodak i2600 (i2000 series)
- Fujitsu FI-4340c
- Fujitsu FI-5530C2
- Fujitsu FI-6110
- Fujitsu FI-6130
- Fujitsu FI-6130Z
- Sharp MX-M503N
