

### Connect Platform 24.2.23

This document describes the issues included in the CONNECT software release.

#### Enhancements

Enhancements include new features and modifications for the following issues:

| <i>Application</i> | <i>Category</i> | <i>Issue</i>        | <i>Description</i>   |   |
|--------------------|-----------------|---------------------|--|---|
| Back Office        | Charge Batches  | 17516               | Updated logic to prevent use of special characters in the <b>Override Procedure Description</b> text field.  |   |
|                    | Claim Holds     | 17852               | Renamed the <b>Days</b> column in <b>Admin / Claims Holds</b> to be <b>Hold # of days from DOS</b> .   |   |
|                    | Collections     | 17141 , 17792       | Added new <b>Days Outstanding</b> column to the <b>Collections / Guarantor</b> tab. Age in days is displayed based on the oldest DOS in guarantor responsibility.  |   |
|                    | Practices       | 17622               | Added new report option to the <b>Practice / General Practice Information / Generate Reports</b> window: <i>AR Aging – Practice, Facility</i> .  |   |
|                    | Providers       | 17541, 17877        | Modified Provider terming functionality logic to allow Referring Providers to be termed.   |   |
|                    | Reports         |                     | 15932, 17910, 17913  | Added new <i>Deposit Analysis Tree Detail</i> report.   |
|                    |                 |                     | 16235  | Updated the <i>Anesthesia Case Utilization – Performing Provider Output</i> report: <ul style="list-style-type: none"> <li>Added new <b>Referring Providers</b> search filter.</li> </ul> |
|                    |                 | 16041, 16437, 17834 | Added functionality for anything posted or moved to Suspense originating from a Payment Batch with images: the images will now follow the workflow in and out of Suspense.<br><br>New <b>View Attachment</b> button added to the <b>Suspense</b> page.<br><br>New column added to <b>Suspense</b> page to display a paperclip if an attachment is associated with the line item. |   |

**Fixes**

Fixes include corrections for the following issues:

| <i>Application</i> | <i>Category</i> | <i>Issue</i> | <i>Description</i>  |
|--------------------|-----------------|--------------|---|
| Back Office        | Charge Batches  | 17659        | Fixed issue that was generating an internal database error when submitting a case with a non-anesthesia pseudo code.  |
|                    | Collections     | 17985, 18014 | Fixed issue causing the <b>Procedure Amount</b> and <b>Claim ID</b> to not display correctly in the <b>Collections / Insurance / Service Line Details</b> tab when a bill is split. |
|                    | Payment Batches | 17017        | Fixed issue preventing service line totals from updating in real-time when posting manual distributions.  |
